son Plano.-To supply the wants of the great number of persons who desire topossess a piano, but do noicel able to go to the fully satisfied that the cure will be effect. exper would only have a good, substantial one recommend him to all similarly affected we have made a most careful examination of all the lowest priced pianos made in the United States. The result of this examination is that we have found those made by W. P. Emerson to be the best pianos for the price, and the cheapest good piance that are made. They are most substantially built, on the soundest acoustic principles; the wood is of the best quality, and properly seasoned; the tone rich and powerful, and the touch easy and elastic; each one is provided with the full iron frame and overstrung bass; they stand well in tune, and wear well in every particular. This we know was in town yesterday, negotiating for the City Commercial. Nr. Bargains! Ba and mild. The Paragon, which is still aground at Kimswick, has had all her cargo taken off, but she is in rather a bad fix, being a good deal humped amidships and deep water on both bow and stern Her hog chains also are broken, and it is necessary to keep her pumps constantly worked to free her of water.
